

1. Associated Policy

These Off Campus Activities Procedures have been developed in conjunction with the **Training and Assessment Policy**.

2. Scope

Where this procedure refers to CIT, it includes CIT Solutions.

This procedure applies to:

- x all approved off campus activities
- x all CIT students engaged in programs requiring off campus activities
- x CIT staff delivering and administering programs where off campus activities form part of the training and assessment
- x all staff and other persons attending off campus activities.

In the case of students under 18 years of age, it applies to any CIT organised learning activity that involves travel from the approved delivery location to a non CIT location.

This procedure does not apply to structured workplace learning for Australian Apprentices) and student industry placements. For the latter refer: **Student Industry Placement Policy** and **Student Industry Placement Procedure**.

This procedure must be read in conjunction with the external legislation, and internal policies and procedures listed below.

3. Procedures

This procedure describes the planning, authorisation and record keeping requirements for the management of all approved Canberra Institute of Technology (CIT) off campus activities (excursions, field trips and other off site learning experiences).

Off campus activities form an integral part of much of the learning at CIT. The nature of these activities, combined with the less familiar environments they are conducted in, may present increased risk. These procedures have been developed to manage these risks.

All off campus activities must be approved by the relevant delegates prior to the activity.

Public liability insurance arrangements are negotiated between CIT and the ACT Insurance Authority for off campus activities in Australia. It is not a requirement for students to be accompanied by educators while undertaking off campus activities.

All off campus activities are optional for students unless the activity is a requirement of the Training and Assessment Strategy.

CIT staff accompanying students on off campus activities will abide by the ACTPS Code of Conduct.

Students attending approved off campus activities are held to the same standards of behaviour and participation as when attending classes of instruction at CIT locations.

Students must comply with:
